Week 2: Who Am I?  
Read Ephesians 2:10.

When you come to college as a freshman you step into a completely new world. A world where you are able to become anyone you want! Those decisions that defined you in the past are now just memories in your rear view mirror of life. Moving forward you now have a chance to start fresh and make a new name for yourself. This will be something specific to each student that becomes a part of Campbell University. But who exactly do you intend to become as you re-create yourself over the next four years?

In becoming someone new you have to remember where you came from. You must not forget that you are a child of God, who has been ordained with a purpose to do great things. God has set your feet on a path that is straight, and now you must walk that path giving all glory to God in everything you do. In all his strength and beauty God took the time to begin a good work by creating you and now it is up to you to keep that going.

Know that God has already prepared in advance everything you will need along this new journey. Created in Christ you are well equipped to go out and do the work of the Lord! If that means taking the time to learn someone’s name, sharing a table with someone sitting alone at dinner, or even taking a friend to Campus Worship. Only you know what it means to do the work that God has called you to do!

Life Question: Who will you be as you begin this chapter in your life? Are you doing the work God has prepared you for?

Prayer: Creator of Life, thank you for allowing me to be your handiwork. Please guide me today so everything I do is done to further your kingdom. Amen!
