The following notice was emailed to undergraduate students preregistered for classes on the Main Campus for the fall semester 2013.

Monday, August 12, 2013

Greeting, Student Scholars!

You are receiving this notice from the Registrar’s Office because you are preregistered for classes on the Main Campus in Buies Creek for the fall semester 2013. You have two things to do to complete the registration process: (1) Make sure that you have made satisfactory arrangements with the Business Office to cover your tuition and fees for the semester, and* (2) purchase your text books and begin your classes on Wednesday, August 21, 2013. If you have done these things you are fully and completely registered. There is no need to swipe, punch, stamp, or stomp your ID card or your WebAccess account. We are keeping it simple!

If your plans have changed, please let us know so that you will not incur charges for the semester and so that we can release your classes to others who may need or want them.

On Tuesday, August 20th there will be a day of regular registration for all students who have not preregistered and for new students who will be attending Campbell University for the first time or returning after an absence of one semester or more. This registration will be held in the Rumley Center from 9:00 a.m. – 4:30 p.m. We will close registration at 4:30 p.m. in order to run class rosters for the following morning when classes will begin at 8:00 a.m.

Note: Monday, August 19 is an “open” day. Use this day to purchase your text books if you have not done so, to resolve residence issues if you have any, and to see your academic advisor if you have an urgent issue needing resolution before classes begin on Wednesday morning.

What an exciting time to be at Campbell! The Registrar’s Office staff looks forward to working with you and serving you this year!

J. David McGirt
University Registrar

123 JA Campbell Administration Building

*When and where students purchase books is the personal preference of the student. I encourage students, however, to purchase books in a timely manner so that they do not fall behind in reading assignments. Note that students who plan to change classes might be better advised to wait until the schedule is firm before making a purchase. Purchase those books that you are sure that you will need to avoid unnecessary exchanges.
