

Student Conduct

Preface
When a student is admitted to Campbell University, the student becomes responsible for knowing and abiding by all rules and regulations of the University as published in the University Bulletin and the Student Handbook.

Campbell University believes in individual freedom, both as a right and as a responsibility. Attendance at Campbell University is a privilege, not a right. The University traditions and principles as stated in the Campbell University Mission Statement and Code of Honor, accepted by each student through his or her act of voluntary registration, evolve from the core of this concept of freedom and responsibility. Therefore, it is presumed the student who elects to come to Campbell University does so with the intent of being, in fact and in spirit, a cooperative member of this community. Specifically, students are expected to adhere to the Campbell University Student Code of Honor, Student Code of Conduct and all Residence Hall Regulations.

The University encourages students to conduct themselves as maturing men and women and invites them to participate in the formulation of rules and assume responsibility for student decisions through the Student Government Association (SGA). At the same time, all participants in Campbell University life must remember that, by the charter of the University, the Board of Trustees is ultimately responsible for the school and for its operation. The Vice President for Student Life is responsible for the administration of the University’s disciplinary system. This responsibility is exercised on behalf of the President of the University and involves various conduct committees and university personnel.

Within the academic community, certain regulations are necessary for the orderly operation of the University and for the well-being of its members. Furthermore, Campbell University, in keeping with its concern for students individually and corporately, has a legitimate interest in their welfare in and out of class, on and off campus. The University is especially concerned with those students’ actions that are inconsistent with their obligations as members of this educational community. When, in the opinion of the University, the conduct of a student at any place is reprehensible or detrimental to the best interest of that student, fellow students, or the University, appropriate disciplinary action will be taken. This action may be taken by the Vice President for Student Life or referred by him to the appropriate board, committee, or person.

Thus the University is concerned with the conduct of students beyond the geographical bounds of the campus. For many reasons, however, including the obvious impossibility of controlling all off-campus behavior of students, it does not assume supervisory responsibility for their off-campus activities. Nor does the University seek or support the special treatment of those students who may be apprehended for violations of law. It does regulate off-campus events of University-approved student organizations and insists that, at these events and elsewhere, reason and responsibility characterize student conduct.

Campbell University students are expected to abide by local, state and federal laws, as well as the generally accepted moral standards of our society. Although the University’s role is not to duplicate civil law enforcement or judicial action, it may exercise authority for reasons indigenous to its functioning as an education institution.

University Disciplinary System

Initial Inquiries
The Office of Student Life is responsible for:
1. Conducting initial inquiries into allegations of misconduct;
2. Determining appropriate actions, including sanctions; and
3. Arranging original hearings, if required, for violations of the Code of Honor, Student Code of Conduct and Residence Hall Regulations.

The Vice President for Student Life may delegate the authority to conduct initial inquiries to the Dean of Students and/or Residence Life Directors for violations of the Campbell University Student Code of Conduct and Residence Halls Regulations. Students may contest the action taken during the initial inquiry by requesting an original hearing.
Allegations of misconduct involving graduate students are referred to the appropriate graduate/professional school for resolution. Allegations of misconduct involving students enrolled in off-campus programs are referred to the director of that particular program for resolution.

**Original Hearings**

Students charged with violations of the Student Code of Conduct, Code of Honor, or Residence Hall Regulations are entitled to an original hearing. Original hearings may be conducted by the Area Coordinator(s), Director for Community Living & Standards, Dean of Students, Residence Life Conduct Committee, Student Conduct Committee, or the Executive Student Conduct Committee. (The University Executive Cabinet may choose to act as an original hearing board if deemed necessary.)

**Appeals**

A decision reached by one of the University’s conduct committees and/or sanctions imposed by such committee may be appealed by the student within three (3) school days of the decision. All appeals must be made in writing and delivered to the Dean of Student’s Office.

An appeal will be limited to a review of the record of the Conduct Committee who originally held the hearing and made a decision. The appeal is to determine:

1. The original hearing was conducted fairly.
2. The decision was based on facts sufficient to establishing that a violation of the Student Code of Conduct had occurred.
3. The sanction imposed was appropriate for the violation that occurred.
4. To consider new information sufficient to alter the decision if this information was not available at the original hearing.

If the appeal is upheld, the matter is returned to the original committee to re-open the hearing and allow reconsideration of the original decision and/or sanction. If the appeal is not upheld, the decision is final and binding upon the student.

**Interim Suspension**

Any student that may present himself/herself as a threat to the health, safety and welfare of Campbell University faculty, staff, and/or students may be temporarily suspended by the Vice President for Student Life pending a scheduled hearing. This suspension may include, but is not limited to, all University owned property, and University sponsored events, classes and intercollegiate athletic participation.

**Summer Terms and Vacation Periods**

Original hearings during summer school and vacation periods will be heard by Committee members who are in residence at that time or scheduled for the beginning of the next semester.

**Records**

Records of disciplinary action are maintained in the Dean of Student’s Office. Copies of correspondence announcing disciplinary suspension and expulsion are forwarded to the Registrar’s Office for inclusion in the student’s permanent record.

**Notification**

Notice of disciplinary action taken by the University will be mailed to the student’s local address currently on record in the University computer system. The University may notify parents of dependent undergraduate students of alleged infractions of the University’s Code of Honor, Student Code of Conduct and/or Residence Hall Regulations. A copy of the notification sent to the student may be sent to the parents’ home address. Students who are no longer financially dependent upon their parents may be exempt from this policy upon their request, if the University’s financial aid records reflect their independent status. **Parents of undergraduate students under 21 years of age will be notified of disciplinary action taken for alcohol violations. All parents will be notified of student drug violations regardless of the student’s age. This Parental Notification may be sent prior to, during, or after the conduct hearing has been held.**
Hearing and Appeals Bodies

Residence Life Conduct Committee
The Residence Life Conduct Committee is composed of the two Area Coordinators, and three Resident Directors appointed by the Dean of Students. The Committee will hear violations of Residence Hall Regulations. The Committee may assign disciplinary sanctions ranging from Written Reprimand to Loss of Privileges. Once assigned, the sanction(s) will remain in effect for the remainder of the semester and the following semester. Decisions made by this Committee may be appealed to the Student Conduct Committee. The decision made by the Student Conduct Committee in reference to the appeal of a Residence Life Conduct Committee decision will be final.

Student Conduct Committee
The Student Conduct Committee is composed of an Executive Member of the SGA who will serve as the committee chair, the four undergraduate class presidents, four faculty members and a Student Life Staff Member. This Committee hears violations of the Student Code of Conduct and Code of Honor. The Committee may assign students disciplinary sanctions ranging from Written Reprimand to Probation. Once assigned, the sanction(s) will remain in effect for one year from the assigned date. Decisions made by this Committee may be appealed to the Executive Student Conduct Committee. The decision made by the Executive Student Conduct Committee in reference to the appeal of a Student Conduct Committee decision will be final.

Executive Student Conduct Committee
The Executive Student Conduct Committee is composed of faculty members, including two University Deans. The Dean of Students will chair this committee and be a voting member thereof. This Committee serves as a hearing board for incidents of misconduct involving violations of federal, state and local law. It may also hear violations of institutional policy and incidents requiring a high degree of confidentiality in order to protect the reputations of the students involved. Cases of sexual misconduct excluding assault and harassment fall into this latter category. The Executive Student Conduct Committee may impose sanctions ranging from Written Reprimand to Expulsion. Decisions made by the Executive Student Conduct Committee may be appealed to the Executive Appeals Committee.

Executive Appeals Committee
The Executive Appeals Committee is chaired by the Vice President for Student Life. This committee considers appeals of decisions made by the Executive Student Conduct Committee and the Title IX Hearing Committee. Appeals must be submitted, in writing, through the office of the Vice President for Student Life within three (3) business days after notification of the decision. This committee does not hear personal appeals or oral arguments. It may affirm, reduce, or increase sanctions. This committee may choose to act as an original hearing board. Decisions reached by the Executive Appeals Committee are final.

The Disciplinary Process

Initial Inquiry
When the office of Student Conduct has been notified of a student allegedly violated the University Code of Honor, Student Code of Conduct, or Residence Hall Regulations, the student will be required to appear before Director of Student Conduct or another authorized Student Life staff member for an initial inquiry. Under normal circumstances, this inquiry should take place within 24 hours of the notification. During this inquiry, the student will be advised of his/her violation and the disciplinary process up to including appearing before a conduct hearing body. The Director or another authorized Student Life Staff member will determine the appropriate actions and has the authority to assign sanctions for the first violation of the following Student Code of Conduct standards: I.A, II.A, III.A&B, IV, V, VI.A&B and Residence Hall Regulations, if the student admits he/she has violated these standards and accepts the assigned sanction(s). This decision is final and there is no provision for an appeal. Should the student not admit that he/she has violated these conduct standards, the student will be required to appear before the appropriate conduct hearing body. All other violations of the Student Code of Conduct standards and second violations of any conduct standards will require the student to appear before the appropriate conduct hearing body. The Director of Student Conduct and authorized Student Life staff members reserve the right to request any and all students who have allegedly violated these conduct standards to appear before a conduct hearing body.
Mandate
Students requesting a hearing will receive a mandate which is an official notification of the alleged violation. It contains the name of the student, the nature of the alleged violation, the approximate time, date, and place of the alleged violation, the date of issuance, and the signature of the issuing officer. Normally students will be given at least three days advance notice of the original hearing. A copy of the mandate is given to the student, and a second copy is maintained in the Dean of Students.

Hearings
When a student appears before the Residence Life Conduct Committee, the Student Conduct Committee, or the Executive Student Conduct Committee, he/she may speak to the Committee on his/her own behalf. The student may bring another person or persons who have direct knowledge of the situation, or he/she may have another student speak for him/her. After hearing all information and examining all evidence, the Committee will deliberate in private and come to a decision.

There will be a record of all Conduct Committee hearings. Deliberation will not be recorded except by the University and the record is the property of Campbell University.

Should a student not be able to attend a hearing because of a serious illness, injury or death in the family, he/she should notify the Dean of Student’s Office immediately. The hearing may be postponed to another date. Should the student, after proper notification and without explanation, fail to appear at his/her hearing, the Committee will treat the alleged violation without prejudice as if the student was in attendance.

Parents and faculty members are allowed to attend the original hearings. Non-students are not permitted to participate in the hearings unless they are involved in the incident or have direct knowledge of the situation.

Students are not allowed to have the service of an attorney present at a University Hearing.

After a decision has been reached, the committee chair will announce the decision and explain procedures for appeal. The Dean of Student’s Office will provide a written confirmation of the committee’s decision to the student’s local address on record in the University computer system.

A University Hearing is separate from a criminal or civil court hearing. The procedures may be similar in some respects, yet the University has a different purpose, standard and sanctions. This hearing may be conducted prior to, simultaneously with, or after a criminal or civil hearing. The outcome of a criminal or civil hearing does not have bearing upon the procedure or sanction assigned by the University.
